USAG Mr. Eric Holder Jr.; "When will you support President Obama's healthcare reform?"

The firm Polsinelli Shughart PC has been rewarded for (obstruction of justice, racketeering and antitrust) blocking healthcare reform.

"The \$2 Billion Dollar HHS Connection"

iv. The Conspiracy Spoke of Kansas State Officials

174. Kansas state officials overlooked the misconduct of the Kansas Attorney Discipline Office officials and their agents including Stanton Hazlett, Gene E. Schroer, John J. Ambrosio, Isaac L. Diel, Rex A. Sharp and Gayle B. Larkin and the misconduct of Kansas Highway Patrol officers in targeting the petitioner's trucks for the purpose of depriving the petitioner of the means to seek redress because of the belief that Kansas would benefit from \$2 Billion dollars a year in health science research grants the Novation LLC hospital St. Luke's at 4401 Wornall in Kansas City, Missouri would start receiving in a cancer research program headed currently by Thomas Jeffery

Wieman, M.D. that would include the University of Kansas Medical School which the Novation LLC hospital St. Luke's needed to give the appearance it could qualify as a major research center.

175. The defendants through Karl Rove at the hub of the conspiracy who made repeated visits to Kansas City, Missouri were assured that the Kansas state spoke and the hospital supply cartel spokes of the conspiracy benefit from Elias A. Zerhouni, M.D, director of The National Institutes of Health (NIH), a part of the U.S. Department of Health and Human Services would be able to cause John E. Niederhuber, M.D., the Director of the National Cancer Institute (NCI) to compromise its cancer research center standards and make the combination of the Novation LLC hospital St. Luke's and the University of Kansas Medical School a National Cancer Institute (NCI)- designated comprehensive Cancer Center when the new institution still does not have the research faculty, protocols or instructional curriculum to qualify and that the newly created institution would reasonably take as long as a decade to legitimately qualify.

176. The Kansas officials ignoring the discipline office's misconduct knew though the value of the conspiracy hub's offering. Federal funds to the nation's largest medical research and

education facilities had been significantly cut by the current administration. More established and qualified institutions like the University of Missouri at Kansas City Medical School are having difficulty meeting their budgets for legitimate life saving ongoing research. The Kansas officials believe they will benefit from the conspiracy Hub's ability to steer funds away from legitimately established research programs that could be used to build an actual qualifying research program that would meet what they were representing as already in existence.

Just weeks ago Doug Kramer of Polsinelli Shughart PC was selected to join the DOJ antitrust division. Doug Kramer came to Polsinelli three years ago from Washington firm Covington & Burling LLP, the same firm at which U.S. Attorney General Eric Holder had practiced law.

Our DOJ hires from the very firm that is in Federal and State court as defendants, and continues to obstruct justice, support racketeering and lead the effort to thwart antitrust enforcement, all while continuing to protect public corruption.

The entitlement programs of Medicare and Medicaid have been robbed for many years while AG John Ashcroft, AG Alberto Gonzales, AG Michael Mukasey and now AG Eric Holder Jr. look the other way. <http://www.democraticunderground.com/discuss/duboard.ph...>

Why do we need law enforcement in our healthcare system?; Billions are stolen every year Mr. Holder so why is there no law enforcement for President Obama's healthcare reform?
